- Features and Benefits**
- Unique open design for easy branch-offs at any point along the harness.
 - Overwrap formation provides abrasion protection and accommodates multiple bundle configurations.
 - Flexible construction and design eliminates pinch points and minimizes bending fatigue, making it ideal for applications involving movement and vibration.
 - Split shape allows for future access without disassembly.

Product Description The Helawrap cable management system is the flexible routing and protection solution for industrial, datacom and electrical applications. Helawrap easily wraps around cables with a "zipper-like" motion to protect against abrasion and mechanical stress caused by movement and bending. A handy application tool is included in every package for faster installations.
