

UPC Code: 07847762797

Country Of Origin: China

WSWDR-I0W

Brand Features

LevNet RF™ Wall Mounted Occupancy Sensors are energy-harvesting and self-powered, making them one of the most cost effective ways to control energy use in unoccupied rooms.

Item Description

Discontinued. LevNet RF Wall Mount, Wireless, Self Powered, PIR Occupancy Sensor. **For US Mount, Swappable Wide Angle and Long Range Lens Option, Harvesting with Supplemental Battery Option, White, 315MHz, EnOcean, Title 24 compliant, ASHRAE 90.1 compliant

Features and Benefits

- Communicates with other LevNet RF devices using radio frequency technology
- Integrated solar cell enables ambient daylight harvesting to power the device and eliminate the need for wires or batteries
- PIR occupancy sensor with both wide angle and long-range options for maximum efficiency and flexibility in different room settings
- Internal tray accomodates supplemental coin cell battery for use in low light environments
