

The expert's choice for reliability and simplicity

Lineryy TR terminal blocks

Push-in type, spring type and screw type help streamline all your electrical installations

Linery Connection Systems Terminal Blocks

Linery™ connection systems offer three terminal block technologies. The new push-in terminal blocks use the most cost-effective connection technique in the market. This technique drastically reduces wiring time and eliminates the need for regular re-tightening. Spring technology is a type of connection that requires limited maintenance and helps ensure the separation of mechanical and electrical functions. Screw technology terminal blocks are components which are well-known and widely used throughout the world and are suitable for the vast majority of connection applications.

Linery TR terminal blocks selection table

Type of terminal block	Cross section area	Color	Connection technology				
			Screw tech	Spring tech	Push-in tech	Miniature screw for 15mm DIN rail	Miniature spring for 15mm DIN rail

* Grey terminal with flange.

(1) 4 mm² terminal, with 2 test points. (2) With light indicator. (3) Carrier sold separately as an accessory.

Linery TR terminal blocks benefits include:

- > Fast and easy installation
- > Multiple connection options
- > International standards and RoHS compliance

Extensive connection and test accessories help ensure your installations are completed quickly, easily, and labelled clearly.

Three types of Linergy TR terminal blocks are available to suit your needs:

- 1

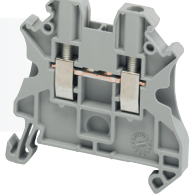

Push-in type*
quick and innovative

- 2

Spring type
fast and easy

- 3

Screw type
widest range of applications

***50%**
faster installation

Markets served:

 Critical power	 Lift	 Industry
 Wind farm	 Tools	 Food & Beverage
 Marine	 Material Handling	 Packaging
 HVAC	 Hoisting	 Rail
 Machines	 Textile	 Water

We also offer:

NEMA TYPE Terminal Blocks – Class 9080 TYPE G
Power Distribution Blocks – Class 9080 Type LB
Fuse Holders – Class 9080 Type FB

Universal Enclosures

- Steel wall mounting enclosures
- Steel floor standing enclosures
- Stainless steel enclosures
- Insulating polyester enclosures
- Industrial Boxes

Thermal Management System

- Ventilation Systems
- Insulated Resistance Heaters
- Thermal Control
- ProClima Software for thermal calculation
